

BUILDING A MORE ROBUST AND DIVERSE EARLY STAGE DATA SCIENCE PIPELINE

STRATEGIES TO STRENGTHEN THE DATA SCIENCE WORKFORCE IN MASSACHUSETTS

On **December 9 (10-11:30 ET)**, join Education Development Center (EDC), Massachusetts Life Science Center, and MassBioEd for the first panel in a free series ***focused on growing and diversifying the state's Data Science workforce.***

Connect with industry leaders, policymakers, and K-16 innovators working to address the state's critical shortage of Data Scientists and make Data Science careers accessible to all.

Click on the button at right to sign up for the **12/9 panel, "The Data Science Workforce Challenge,"** and register for the full series. Explore the topics below, and **visit our website** to learn more: datascience.edc.org
